Heart Signet Studio Flash Library

How it works

Browse our library and choose flash you would like to use in your design(s). You will be charged by motif, per piece, plus the hourly rate for the time it takes to put them into layouts, customize, meet, etc.

Example: You want to use Motif A for your pieces. Motif A will be used 3 times on the menu and 1 time on the welcome sign. You will be charged for Motif A 2 times, because it was used on the menu and welcome sign. The time it took to create the layouts for both and the time for meeting to discuss the designs will also be included in the price.

Want to alter a flash motif or layout?

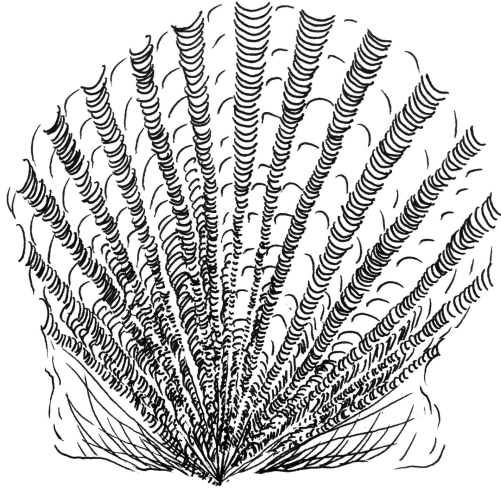

All flash motifs and layouts can have small alterations/customizations made. This may include changing the color, adding/removing elements, adding names or initials, etc.

We will do our best to make our library work for you!

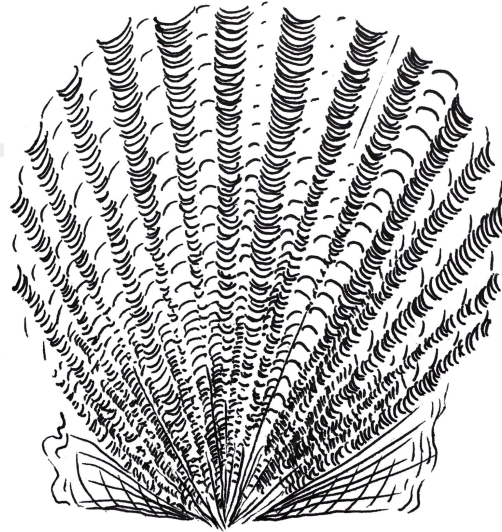

If your changes are significant enough, the motif/layout may have to be custom made for you.

If we feel your custom motif/layout will work well in our library and you want to submit it to our library , we will discount the hourly rate for the creation of that motif/layout by 40%.
